D. No.1378. S.N.1.

Please see the statement attached to the P.U.C. Details are in a separate collection.

The grant is calculated under Rule 34 of the Indian Code which may kindly be read.

Schools Nos. 1, 3, 4, 5 and 6.

The grant recommended for payment is less than the grant earned. The Inspector is satisfied that this will mee the needs of the school. No remarks.

No.7 - C.V.S. Sabha School.

The grant earned is recommended for payment. It was stated even in the last year's application for grant that the school was not out of the wood. It seems a sheer waste of Government money to allow such a school to continue. The grant for ~~1938-39~~ 1939-40 has been earned by the school and may be paid. The Inspector may at the same time be asked to expedite proposals for the withdrawal of its recognition.

R. Qs. 175-39

No.2. R.B.A.N.M's School.

The grant earned by the school under Rule 34 is Rs.2,814 and the Inspector recommends a supplementary grant under rule 36 (2) of Rs.1586 which brings the total grant payable to Rs.4400/- The supplementary grant is recommended with a view to make good the cuts made in the salaries of the staff. In calculating the admissible grant under rule 34 the total expenditure on staff has been worked out after deducting the cut in salary. In other schools no cut in salary is imposed and their admissible grant is calculated on full salary. It is suggested that the same principle may be adopted in the case of the R.B.A.N.Ms school also. In that case the admissible expenditure on staff will be increased by Rs.1618 which represents the cut in salary. The

calculation

3

calculation made by the Inspector and that suggested by office compare as follows:-

Details of items.	Proposed by the Inspector	Suggested by Office	Difference in round figr
Salary of staff	18,103-15-4	19,675-15-4	+ 1,572
Salary of servants	1,485-14-2	~~1,486~~ 1,531 14-2	+ 46
Ordinary repairs,etc.	835- 8-8	835- 8-8	
Contingencies	425-12-0	425-12-0	
Total	20,851- 2-2	22,469- 2-2	+ 1,618
Fee income	18,088- 8-0	18,088- 8-0	
Excess of approved recurring expenditure over the fee income	2,762-10-2	4,380-10-2	+ 1,618
Half the excess	1,381- 5-1	2,190- 5-1	+ 809
Loss in the fee income under Madras Rule	757- 8-0	757- 8-0	
Loss due to fee concessions by management	674-12-0	674-12-0	
Grant admissible(Rule 34)	2,813- 9-1	3,622- 9-0	+ 809
Suppl. grant(Rule 36(2))	1,586- 0-0	-	- 1,586
Total	4,400-0- 0	3,622-9-0	- ~~777~~

The above proposal allows the school an additional sum of Rs.809/- under Rule 34 itself instead of a supplementary grant of Rs.1,586/- suggested by the Inspector under Rule 36(2) which is not allowed to any other school.

If approved the Inspector may be consulted U.O whether he agrees to adopt the method suggested by office for calculating grant to R.B.A.N.M's School during the current and in future years.

14.2.40

16.2.40

Yes.

I take it that the extra grant of Rs.1915 given last year to the school for restoration of cuts in pay and increments of the staff was wholly utilized for those purposes. Will the Inspector please Confirm

J. N. Rajagopalan
17.2.40

Inspector U/O No.7

U/O Note by the Inspector of Schools.

In 1931-32 this school received a grant of Rs.8,520 in all, made up as follows:

Ordinary.	Rs.	5,080
Additional.	"	2,000
Special.	"	1,440
	Rs.	8,520

This was in order that the scales of pay of the staff might be raised. From this figure(of Rs.8,520) the grant fell to Rs.4,900 in 1937-38. This was because (as I explained in my U/O Note dated 25-3-1938) grant had been assessed under Article 34 only, because the management had made no separate application for a supplementary grant under Article 36(2). As the year's allotment had been fully utilized, the question of sanctioning a supplemental grant was dropped, though such a grant (of Rs.1,500) had been sanctioned for the previous year.

2. In view of this reduction in grant (from Rs.6,548 to Rs.4,900) and with reference to Memorandum No. R.Dis. F. 255-38/R.O.II., dated 6-4-1938, the Trust Board resolved (as directed in paragraph 2) to impose, for the time being, cuts (ranging from 5% to 15%) in the salaries of the better paid members of the staff and (with reference to paragraph 3) not to appoint any new teachers on the higher grade of pay. In the following year (1938-39) a supplementary grant of Rs.1,915 was sanctioned, and of this amount the sum of Rs.1,542-0-8 was disbursed to the staff, leaving the sum of Rs.372-15-4 undisbursed. This amount the Trust Board maintained should be credited to the charities in compensatio for the large advances made to the High School from the funds intended for the upkeep of the three elementary schools, thes advances having been as follows:

In 1933-34.	...	... Rs.	1,260 12 7
" 1934-35.	...	... "	1,103 2 1
" 1935-36.	...	... "	295 11 5
" 1936-37.	...	... "	1,640 14 4

(Here it should be explained that the endowment for education is Rs.6,410, of which only Rs.2,400 is set apart for the High School.)

I have told the Correspondent that the sum of Rs.372-15-4, after deducting the amount due to a member of the staff who recently left the school and whose share in the bonus has been under consideration, should be utilized for the specific purpose for which it was sanctioned, and he has agreed to put the matter before the Trust Board for reconsideration.

3. For 1939-40 it has been suggested that the sum of Rs.1,586 might be sanctioned as supplementary grant under Article 36(2). Though not irregular in procedure, this recommendation has been objected to because it would seem to make an invidious distinction between the R.B.A.N.M's High School and the other high schools in the station. But it may be pointed out that the sanctioning of supplementary grant for some European schools and not for others has not been objected to on this score. As regards the need for supplementary grant for the R.B.A.N.M's High School, this has been set forth in more than one note and in this office letter No. 985/B-5/36, dated 20-3-1937 (No. F. 403-37/R.O.II, dated 25-3-1937). The position is briefly this, that the funds at the disposal of the Trust Board are strictly limited, the amount allocated to the High School being Rs.2,400, and, although there has been a rise in school fees of some Rs.7,500, the school can be conducted without drawing on the funds meant for the three elementary schools only if the cuts in the salaries of the staff continue, if, that is, grant is sanctioned under

Article 34 only. The remedy suggested in paragraph 4 of the present notes is no remedy so far as this school is concerned. It suggests, in effect, that the extra amount needed for restoring the cuts should be met in equal shares by Government and the school. I have consulted the management, and they have expressed their inability to find the other half of the cost for the reason that in their budgeting the Trust Board take credit for no more than Rs.2,400 of the Trust money.

12 If, therefore, it is thought that the school should not be given the benefit of Article 36(2), only the grant permissible under Article 34, viz. Rs.2,814, need be sanctioned.

L. K. Thompson
Inspector of Schools. 23/2

No. U.O. 562/B.5/39
23-2-1940.

13 The management have resorted to a cut in pay of the staff to balance the budget of the school. The Inspector proposes the restoration of the cut by payment of a supplementary grant equivalent to the full cut as the management cannot meet any portion thereof. When the method of computation of government grant was changed to 50% basis in 1932 it was realised that owing to the differences in the resources of the schools, the rates of salary cannot be made uniform and hence both minimum and

(4)

maximum

maximum scales were fixed giving the schools sufficient latitude (para 26 of Inspector's note dated 8-9-31 and Resident's Proceedings No.2431 dated 7-4-32). The question of making a supplementary grant for improvement of pay can arise only if a school is unable to pay even the minimum scales of pay, unaided. In the present case the rates of pay paid after the cuts are above the minima fixed in most cases while in the case of recent recruits the scales paid are below the minimum. I think that a supplementary grant may be made only for raising the pay to the minimum but not for restoring the cut in other cases.

14 If the Secretary agrees the Inspector may be required to revise his proposal for a supplementary grant to the R.B.A.N.M's. High School in the light of the above remarks. Meanwhile the ordinary grants may be sanctioned.

15 The minima and maxima prescribed in Resident's Proceedings of April 32 are apparently pre-revision rates and it would seem necessary to consider whether any alterations are necessary therein with reference to the reductions subsequently made in the scales of pay of government servants. The Inspector may be required to report on this point also.

J. N. Nagarajan 4.3.40

16

I think we want to interpret our rules with some latitude in accordance with actual circumstances. We have a certain amount of money to divide on the Schools, which we don't want to reduce, and we can leave the Inspector fairly wide discretion in apportionment, provided that the rules are not broken. In this case the Grant proposed by the Inspector may be paid, provided he can assure us that the restoration of the cut in pay is essential in the interests of the School's efficiency & that the scales after restoration are in no case too high, and provided he informs the management that Govt. does not undertake the permanent charge of restoring the scales, & the extra grant is at any time liable to be discontinued. Inspector may see.

H Rudra.

President.

U/O Note by the Inspector of Schools.

18 Returned, with thanks, after perusal.

The restoration of the cuts is, in my opinion, essential in the interests of the school's efficiency, and the scales after restoration are in no case too high.

The management will be informed that Government does not undertake the permanent charge of restoring the scales, and the extra grant is at any time liable to be discontinued.

OFFICE OF THE HON'BLE THE RESIDENT IN MYSORE, BANGALORE. 5 FEB. 1940 Diary No. 1378 File No. 17/175/39

From

M.S.H. Thompson, Esq., B.A., I.E.S.,
Inspector of Schools,
C. & M. Stn. Bangalore.

To

The Secretary to the
Hon'ble the Resident in Mysore,
Bangalore.

Sir,

With reference to the proceedings of the Hon'ble the Resident No. R.Dis. F. 175-39/G & A., dated 23-3-1939, sanctioning grants to the Indian Secondary schools in the Civil and Military Station, Bangalore, I have the honour to forward herewith my recommendations for the payment of grants to the seven schools in question for the year 1939-40.

The total amount available for distribution is Rs.32,120, as worked out in the statement attached. It has not been possible in all cases to recommend the grants earned, because of the lack of funds and because the grants recommended are considered reasonable with reference to the grants sanctioned last year. In the case of the R.B.A.N.M's High school, however, a sum of Rs.1,600 over and above the grant earned has been recommended for payment to enable the management, if possible, to remove altogether the cuts in the salaries of the teaching staff. (Last year a sum of Rs.1,915 was sanctioned for the purpose). The financial condition of the C.V.S. Sabha school has not improved, and as there is no sign of any endeavour on the part of the management really to improve this state of affairs, the question of withdrawing recognition from the school will be taken up and a separate report submitted in due course. In the meanwhile I have recommended to this school the earned grant, which is less than the grant paid

last year by about Rs.300.

The total expenditure of Rs.32,120 will be debited to the head " Account II. Education - B. Secondary - Direct Grants to Non-Government Secondary Schools - Grants-in-Aid to Secondary Schools" in the current year's Mysore Assigned Tract budget.

To each financial statement I have attached a statement showing how the grant was calculated. Items C & D of the statement refer to sub-sections (a) and (b) respectively of sub-rule (ii) of Article 54 of the Grant-in-Aid Code for Indian schools. The statements are, I believe, self-explanatory.

The scales of pay do not exceed the scales approved for teachers in the C. & M. Stn. Bangalore.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,
C. & M. Stn. Bangalore.

Statement showing the amount of teaching grant earned and recommended for the Indian Secondary schools for the year 1939-40.

that the clinic has also done its share of the co-operation with the private practitioner, before it sanctions the remuneration to be paid to him.

4. Care and After-Care Committee:

It will not be possible to carry out successfully the scheme of prevention and organised home-treatment unless cooperation can be secured with a Care and After-Care Committee which is the next link in the anti-tuberculosis measures to be mentioned in few words.

The objects of a Committee are as follows:--

(i) to help the patient and his family during the time of treatment either by supplying milk and other food, or by financial support;

(ii) to make the organised home-treatment possible by, as already stated, giving a small fee to the private practitioner for his visits to the patient but, as also stated, only when these visits are made under the direction of the tuberculosis clinic and in consultation with it.

(iii) to find employment for a patient, restored sufficiently to work under circumstances suitable to his state of health;

(iv) to draw attention of the clinic to patients needing examination, and, if found tuberculous, treatment;

(v) to support the preventive measures in the homes of the patients by close cooperation with the clinic. Most of the preventive work

Statement of fee income actually foregone under Rule 92 of the M.E.R.

Form or Class	No. of pupils in each class or form allowed to pay half fees	Name of the caste or community to which each such pupil belongs	Amount of loss to the Managemt. at m. r. of f.	Amount of loss to the management at managemt rate of fees	Remarks
1	2	3	4	5	6
	3		Rs. As. Ps.	5	

Please see the typed sheet pasted to this. - nil -

C E R T I F I C A T E

I hereby certify that the parents or guardians of the pupils shown in the staement and in column 7 of the fee returns are so poor that the grant of this concession is necessary to enable them pupils to continue their studies and that none of them are pupils who joined the VI Form for a supplementary course after having failed to do sufficiently well in the Public Examination on their first appearanceand subject to the same proviso, no fees have been levied and collected from girls reading in Form III and below and that no concession has been granted to other than those who are natives of this Mysore State, or one domiciled therein other than natives of Mysore has been granted.

work of it cannot be effectively carried out unless in cooperation with a Care and After-Care Committee.

People tell that it would not be possible to secure funds to the Care and After-Care Committee from which such fees and the other expenses mentioned could be paid, if the funds have to come by subscriptions and donations from the public. We differ from this opinion and we believe that there will be a liberal support from the public to a Committee in which it has confidence, if the appeal is made on the strength not of charity but on self-defence against the disease.

Closing Remarks:

In few places are there such possibilities that the above outlined scheme of Prevention and Organised Home Treatment can be carried out as there are in Bangalore.

The tuberculosis clinic in the Cantonment could be further equipped and staffed with the prospect of developing all aspects of clinic work in a very efficient way.

With the construction of the two contemplated tuberculosis wards and with expansion of the tuberculosis wards in the C.E.Z. Hospital there would be a considerable number of beds available to which the clinic could admit patients who need such specialised treatment which cannot be given at the clinic. Such an arrangement is however only one in which it is possible to acquiesce until a large tuberculosis sanatorium with at least 200 beds could be constructed in

in close vicinity of the Infectious Diseases Hospital.

The co-operation with the medical practitioner and the clinic could be established to a far greater extent than that in existence at present.

Bangalore has the great privilege to have one of the very few Care and After-Care Committees existing in India. As this committee seems exceedingly active and enthusiastic about development of its activities there are all reasons to believe that the objects of a Care and After-Care Committee could be carried out not only to be great help for the campaign in Bangalore, but also as practical and much needed demonstration to the whole of India.

File No.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Sir,

Tuberculosis Sanatorium - Site.

I have the honour to forward, herewith, a copy of the Municipal Commission's resolution No.2, dated the 25th July 1940, deciding to acquire 21 acres of land in Binnamangala village for the construction of the proposed Sanatorium and to request that the Hon'ble the Resident may be pleased to accord (1) administrative approval to the proposal and (2) sanction to meet the cost of acquisition from the surplus account.

The Collector will be addressed shortly to furnish a compensation statement for acquiring the land and the amount payable by the Commission will be intimated to you for the information of the Hon'ble the Resident on receipt of the compensation statement from the Collector.

I have the honour to be,
Sir,
Your most obedient servant,

H. H. Carleston

Municipal Commission's resolution dated the 25th July 1940. (Ordinary Meeting). (26)

---

2. The site for the proposed Tuberculosis Sanatorium.

Acceptance of the offer of Messrs. Davidoss & Co., recommended.

After a short discussion, the President put the recommendation of the Standing Committee to the meeting and it was rejected.

Mr. Abdul Latheef moved the following proposal :-

"that the land in Sinnamangalu to the extent of 21 acres be acquired and the Tuberculosis Sanatorium be built. The cost of the said acquisition to be met out of Surplus Account".

Mr. Mohamed Hanief seconded the proposal.

After a further short discussion, Mr. S. Sundaram Iyer moved the following amendment :-

"that Mr. Latheef's proposition be deferred till next meeting of the Commission and that the Commission try to get the land without conditions from Messrs. Davidoss & Co."

Mr. N. Ekambaram seconded the amendment.

The President put Mr. Sundaram Iyer's amendment to the meeting and it was lost. He then put Mr. Abdul Latheef's proposal to the meeting and it was carried unanimously.

(File No.72 of 1940).

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

(Original sent to Resident Surgeon — vide para 20 of 22 of Notes) 27/a

Note re: an alternative site in the land opposite the Isolation Hospital owned by St. Michael Home for the aged.

Site approved by Dr. Moller acquired by the Military Authorities.

Collector mentioned that General Jolly was not keen on this site on account of its proximity to the I.H.

New site offered by the Dewan inspected. Situated about 3 or 4 furlongs away from I.H. on the same side on Old Madras Road.

Engineer suggested acquiring intervening space as otherwise it would be an isolated area in Mysore territory. Hon'ble the Resident said it didnt matter as, if retrocession comes the question of jurisdiction does not arise. Hence no need to acquire intervening space.

Engineer said that water supply could be obtained by arrangement with the neighbouring military authorities. If that was not possible a bore well could be sunk and water supplied to the new hospital as well as the I.H. whose present water supply was poor.

Re: electricity he said there was a line running close by.

Asked by the Resident about the suitability of the site the writer said that it was better than all the previous sites suggested, as it was situated in open country and the land higher and soil drier than that of the I.H.

The Resident inspected the revised plan suggested by Dr. Moller at his last visit. Engineer said that it would cost about 40,000. The Collector mentioned that we could proceed with half that scheme and leave out ~~xx~~ the administration block etc for the present which would make it practically the same as the original plans and estimates.

Questioned about the acreage required, the writer said that 10 acres would be enough for present requirements and 20 would be necessary for future expansion.

P.T.O.

(Chapter IV, Rules 34, 38 and 41.)

Financial statement for use in Secondary schools and colleges.

(The total on the receipts side (excluding A) should agree with the total on the expenditure side.)

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement showing the names of the teachers employed, their monthly salaries, and total salary paid to each.

3. Item 2 should be supported by a separate statement showing the designations of the servants, etc., their monthly salaries and the total salary paid to each.

4. Items 3 to 6 and 15 should be supported by statements showing the details of the expenditure.

Goodwill Girls' High School, ~~College~~, Bangalore.

(Chapter IV, Rules 34, 38 and 41.)

Financial statement for use in Secondary schools and colleges.

(The total on the receipts side (excluding A) should agree with the total on the expenditure side.)

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement showing the names of the teachers employed, their monthly salaries, and total salary paid to each.

3. Item 2 should be supported by a separate statement showing the designations of the servants, etc., their monthly salaries and the total salary paid to each.

4. Items 3 to 6 and 15 should be supported by statements showing the details of the expenditure.

St. Euphrasia's Girls' High School.
College.

FINANCIAL STATEMENT FOR THE YEAR 1938 -1939.

Receipts.	Rs.	a.	p.	Expenditure.	Rs.	a.	p.

collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Model statement for use in Secondary schools and colleges.

(The total on the receipts side (excluding A) should agree with the total on the expenditure side.

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement showing the names of the teachers employed, their monthly salaries, and total salary paid to each.

3. Item 2 should be supported by a separate statement showing the designations of the servants, etc., their monthly salaries and the total salary paid to each.

4. Items 3 to 6 and 15 should be supported by statements showing the details of the expenditure.

St. Mary's Second ~~College~~ School.

FINANCIAL STATEMENT FOR THE YEAR 1938-1939.

collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

AUDITOR.

CORRESPONDENT.

After the Resident and party left Dr. Rosario mentioned that the site adjoining the I.H. in Mysore territory and the one on the opposite side of the road, in the cantonment belong to the Catholic Church authorities and he thinks that they would sell either of those. It is probable however the Collector didnt consider acquiring these areas due to their nearness to I.H. in deference to General Jolly's remarks.

collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

PRIVATE OFFER OF SITE REJECTED

MUNICIPAL COMMISSION'S DECISION

(FROM OUR CORRESPONDENT.)

BANGALORE, July 25

The Municipal Commission, Civil and Military Station, Bangalore, at its meeting held this morning, Mr. H. H. Carleston, I. C. S., presiding, by an overwhelming majority rejected the offer of Messrs. Davadoss and Co., of 21 acres of land in Binnamangala village for the construction of the Tuberculosis Sanatorium, subject to certain conditions.

The Commission decided to acquire the 21 acres of lands, the cost of such acquisition being met from out of the surplus funds. This proposition was moved by Mr. Abdul Lathief.

Messrs. Devadoss and Co., had offered to give the site subject to two conditions, viz., that the Sanatorium should be named after the late Mr. Devadoss and that the Municipality should give to the owners of the Devadoss Estate in Binnamangala village the right to utilise the sewage water for irrigation purposes for a period of 25 years. The Standing Committee of the Commission had recommended the acceptance of the offer.

The President observed that in the Standing Committee only the question of the utilisation of the sewage water was considered. As regards the naming of the Sanatorium, it was a matter for the Government.

Mr. Abdul Lathief stoutly opposed the recommendation of the Standing Committee. He was opposed to a monopoly being given for the use of the sewage water for a period of 25 years. The question of a Tuberculosis Sanatorium was dear to the Municipality and he did not understand why the property required should not be acquired.

Mr. S. Sundaram Aiyar, supporting the recommendation of the Standing Committee, said that the Municipality wanted to stop crude sewage cultivation and Messrs. Devadoss and Co., had come forward to erect a purifying plant. If the scheme, as suggested, was adopted the Commission would have gone a long way in solving a great problem.

Mr. Mohamed Hanief, opposing the recommendation of the Standing Committee, wondered why the Commission had not stood to maintain its self-respect. All these years, Mr. Devadoss had wanted to get concessions and the Commission refused to give them. Now there was the gift, encircled with conditions. Mr. Hanief would straightaway ask the Commission to reject the offer. He was also of the view that a better site could be selected in the Station for the construction of the Sanatorium.

Mr. C. F. D'Souza wanted the acceptance of the offer but he was not for the grant of a monopoly for the sewage water for a period of 25 years.

Mr. Isaco supported the opinion of the Standing Committee.

After some more discussion, the recommendation of the Standing Committee was put to vote and rejected, and on the motion of Mr. Abdul Lathief, the Commission decided to acquire 21 acres of land in Binnamangala village, the cost of such acquisition being met from out of the surplus funds.

[illegible] with the [illegible] thanks to [illegible] to give the land free without any condi-

CIVIL & MILITARY STATION, BANGALORE,
MUNICIPAL OFFICE.

From

Dated 16th October 1940.

H. H. CARLESTON, ESQ., I.C.S.,
President, Municipal Commission,
Civil and Military Station, Bangalore.

OFFICE OF THE HON'BLE THE RESIDENT IN MYSORE, BANGALORE.
18 OCT. 1940
Diary No. 9999
File No. Str.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Tuberculosis Sanatorium Site.

1 I have the honour to forward herewith a plan showing the land proposed to be acquired for the construction of the Tuberculosis Sanatorium. The whole area comprises about 19 acres and 40 guntas, of which Survey Nos.120 and 121 covering an area of 9 acres and 9 guntas are within the Civil and Military Station limits and portions of Survey Nos.2 and 3 (Binnamangala Manavartercaval) with an area of about 10 acres, 31 guntas lie within Mysore State limits.

2 Necessary action will be taken to purchase by private negotiation or acquire the lands. As regards the lands within the State limits, I request that you will kindly enquire urgently whether if we purchase or acquire these lands the Mysore Government would be prepared to cede jurisdiction over them. The Residency Surgeon is rather particular that the whole site of the Sanatorium should be within our jurisdiction. I may mention that the Government of Mysore have asked us to cede jurisdiction over the land required for their new High Court.

I have the honour to be,
Sir,
Your most obedient servant,

H. H. Carleston

President, M. C.

MVL.

Tuberculosis Sanatorium site - My letter
No.5180/40 dated the 16th October 1940.

If we can get possession of the new site within a month, as I believe we can, I would suggest that Col. Hance might be invited to lay the foundation stone when he passes through Bangalore about the 20th November. I do not know the exact date but I shall ascertain it later from Mr. Prosser with whom he will be staying. Col. Hance has done a great deal for the Station and especially for anti-tuberculosis work. Hence I suggest that it would be appropriate for him to be connected in this way with the new Sanatorium, if the Resident approves.

CERTIFIED that the total of the figures in columns (4) to (7)

1. The fee return forms are intended to show the amount of fees [illegible] collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

T[illegible] reply to this communication should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

No. R.F.304-40/G&A. Q1

FROM

THE SECRETARY TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, the 29th October *194*0.

SITE FOR THE TUBERCULOSIS SANATORIUM.

SIR,

I am directed to say that, out of the collection made in the Civil and Military Station, Bangalore, towards the King Emperor's Anti-tuberculosis Fund, a sum of Rs.19,739/- was returned as the Station share. The Resident with the concurrence of the Residency Surgeon considered that the best way to utilise this money would be to invest it on capital expenditure for the establishment of a sanatorium of two wards, each with 18 beds on the Madanapalle model. I enclose a plan showing the land proposed to be acquired for the construction of this sanatorium. The whole area comprises about 20 acres of which Survey Nos.120 and 121 covering an area of 9 acres an 9 guntas are within the Station limits, and the portions of Survey Nos. 2 and 3 (Binnamangala Manavarteraval) with an area of about 10 acres and 31 guntas lie within the Mysore State limits. Every attempt was made to locate the sanatorium entirely within the Station limits but no suitable site could be found.

2. It will be observed from the site plan that the existing boundary of the Civil and Military Station traverses not only the hospital grounds but even the wards. Much administrative and legal inconvenience is likely to be caused by this division of jurisdiction. The Hon'ble the Reside

thereof
